As a membership organisation established over 30 years with over 5000 registered members and in excess of 7000 clients, 2013 saw the introduction of our '**Commercial Membership**' package, designed for companies to offer their goods & services to our members and clients via our website as recommended by the **British Chauffeurs Guild Limited**.

The Commercial Members listed below have been carefully selected to offer competitive packages for the goods and services they offer, specifically for Guild Chauffeurs and Guild clients.

The status of Commercial Membership is greatly raised and very much appreciated by clients & members of the Guild, by virtue of the fact that all Commercial Members have voluntarily accepted to be bound by the Guilds Rules & Code of Conduct, a copy of which is issued upon acceptance together with a yearly certificate of membership.

Accepted members will be automatically authorised to use and print our famous Guild logo cockade and claim '**Registered Commercial Member of British Chauffeurs Guild Limited**', on any stationary and literature that they may choose to their best considered advantage throughout the period of any **current** membership year.

Please view the following list of companies whose details are currently registered with us and have accepted to be bound by the Guild's Rules & Codes of Conduct.

Company Profile & Services:

'Helping you sort your bookkeeping and tax'

If you're a professional driver, you'll know all about the hassle of keeping your books in order and doing your tax return, as well as knowing what you can claim for, and what you can't.....And because we've all got to do a tax return, we've made the whole process really simple for you.

"We're proud of our people, and we believe that everyone who works in a professional service like Drivertax should be approachable, trustworthy and knowledgeable."

"From the beginning, I recognised the need for a specialist accountancy service for the hire and reward trade. And so, more than 25 years ago, Drivertax was born in an office at the end of my garden. Though today our services are more varied and cover other industries, our ethos remains unchanged. That means, as your accountant, we'll sometimes tell you the uncomfortable truth you need to hear, but rest assured, we're always on your side.

The creation of the Eazitax Group now provides specialist tax and advice services for many other industries, as well as for larger businesses too. And the processes are the same as when I started: listen to our client's needs, and then deliver the service that *they* want."
