## **'TRUSTED PARTNERS'**

### **CORPORATE MEMBERS : Car Hire Section**

#### **Current Listing**

Our Corporate Membership section introduced in 1994 continues to allow companies and individuals to advertise their services to our clients who require us to recommend an **Executive Chauffeured Car Hire Service** who remain fully licensed and appropriately insured.

As our recognised speciality established over the past 3 decades is that of Security Chauffeur Training, Temporary and Permanent employment, we continue to expand this field beyond our expectations and have no desire to branch out into the 'Car Hire' industry.

From our very active and daily involvement in chauffeuring matters and having now established our 'Corporate Section', often and purely by accident, we seem to be frequently regarded by our vast portfolio of clients and members of the public, as a central 'Car Hire Bureau' from which recommendations can be obtained of members who offer their services with a particular make of car in that industry and often on a nationwide basis.

The status of Corporate Membership is greatly raised and very much appreciated by clients, by virtue of the fact that our Corporate Members have voluntarily accepted to be bound by the Guilds Rules & Code of Conduct, a copy of which is issued upon acceptance together with a yearly certificate of membership which should be exhibited in the members business premises.

Memberships are renewable at the end of each members year at the current fee at that time and the responsibility of renewing is that of the member concerned.

**Please view the following list of companies and individuals whose details are currently registered with us and have accepted to be bound by the strict Guild's Rules & Codes of Conduct.**

**Please scroll down for the full listing of our current  
Corporate Members.....**

**Corp No : 3699**

**Number of Cars in your Fleet: 30-40**

**Make(s). Model & Year :**

**Mercedes 2014 - 2018 Models**

**E Class, S Class & V Class**

**Services offered:**

Our fleet consists of executive vehicles most of which are Mercedes of various models that range from 7 seater Vianos, Mercedes S Class & Mercedes E Class. Additionally, we have a fleet of self-employed drivers that are used as and when we are extremely busy, however these are rarely used on account work.

We provide transport for Airport/Station/Office transfers including corporate events, conferences and parties/weddings.

We treat our accounts with utmost priority, tailored processes and procedures are in place to ensure the needs and the requirements of each individual account are up to date. With our fleet tracking technology, we can allocate the nearest vehicle to each journey meaning prompt pick-ups. We provide a dedicated 24/7/365 service. All clients also have access to an online 'web Booker' where you can book for yourself or on someone's behalf.

Embassy Cars are proud to have continually achieved a Five Star Rating, the highest rating with the LPHCA. The LPHCA benchmark standards within the transport industry on competence, quality and ensuring processes and procedures are in place and followed accordingly.
